Letter No 649 dated 8th March 1929 from the Municipal Engineer, Davangere, to the President, Davangere Municipality, Davangere

With reference to your Misc No 1414 dated 21-2-29 I have the honor to furnish the particulars called for in connection with the estimate for Laying out block No 2 of the proposed Southern Extension at Davangere Town

A report explaining the proposals has been submitted now along with the estimate

The present estimate does not include Drainage and Sewage arrangements as the Town Planning and Sanitary Engineer is of opinion that this work could be taken up only after some buildings spring up in the extension Hence a separate estimate for the same will be submitted in due course when longitudanal and cross sections will also be furnished

The rate of Rs 5/- provided in the estimate for planning avenue trees includes the cost of the trees, their planting, and fixing up bamboo tree guards for the same This does not include the maintenance charges till the trees are sufficiently big so as not to require any further care The rate now provided appear to be reasonable

I have the honor to forward herewith in duplicate an estimate amounting to R. 3697/- for the formation of second block of the new extension to the West of the High School in the town of Davangere A consolidated estimate to form the whole extension including cost of acquisition; construction of tunnels, removing earthern bund &c , agggregating to R. 90,400/- had been prepared by the Municipal Engineer and sent to the Executive Engineer, Sanitary and Town Planning Division for scrutiny He has splitted the whole estimate into 4 separate estimates (blockwar) prepared in his office dividing the extension into 4 blocks and making provision only for cutting side drains of main roads and conservancy lanes, providing side stones, and planting avenue trees for the rest of the items he has suggested that detailed estimates with necessary plans might be prepard and sent to him again for scrutiny This was considered in the Municipal council in their meeting held on 15-8-1928 and it was resolved therein that the formation of the second block be taken up first and Government sanction obtained for the estimate amounting to R. 3697/- excluding the cost of Tunnels &c , for which detailed estimates will have to be prepared separately Copy of the resolution is enclosed for ready reference The lay out of the second block will be taken up first during the year After this is formed and the sites are disposed of, the other blocks will be taken up

I, therefore request you to be so good as to obtain sanction of Government for the enclosed estimate and to return the same for further action

The detailed plan of the extension showing the different blocks is also sent herewith for reference and kind return
